and sell agricultural fresh produce (variety of edible fruits and vegetables) through accredited Agricultural Fresh Produce Market Agents to Retail Groups, Hawkers, Spaza shops, Tenderpreneurs, Government and public in general. It is situated in Vulindlela Heights, Southernwood, Mthatha, No. 32 Errol Spring Street, next to BT Ngebs Mall/ Mthatha Soccer stadium and is 2 km away from Mthatha town.

Trade takes place via a commission system with the Market charging the producer a mere 5% commission on all sales made on the commission floor. A further negotiable levy of 7,5% is paid to Market Agents for selling produce on behalf of the farmer. To safeguard and keep track records of farmers' produce and sales on a daily basis, the entity use IT systems to be able to keep records and make daily payments to farmers for produce sold. As value-adding services, the Market has cold storage facilities to accommodate tons of fresh produce supply from farmers at any one time. Trading takes place from 06h00 till 13h00 during the week, and from 06h00 to 09h00 on Saturdays. Local farmers are encouraged to supply quality produce to the market to boost economic activity of the O.R. Tambo. The Market serves many local and international farmers from the African Continent.

O.R Tambo Farms (Adam Kok Farms)

O.R Tambo Farms are situated in Swartberg in the Greater Kokstad Municipality, comprise of seven farms whose main function is to produce enough beef cattle for Umzikantu Red Meat Abattoir and other markets. 80% of the farm terrain is suitable for cattle ranching.

- Cattles are purchased, bred and fattened at two sites, namely, Adam Kok and Ikhwezi Farms for the supply of slaughter cattle for Umzikantu Abattoir.
- Nucleus breeding stock is kept at Adam Kok Farms for purposes of continuing farming, thereby adding value to the fattening programme.
- Steers from the breeding stock are sent to the market whilst heifers are kept for replacement.
- On farm breeding of suitable breed for heifer exchange with subsistence and emerging farmers is gradually introduced, towards development of local farmers.
- The available arable land is utilised for production of beef cattle feed, such as winter pastures, hay bales and maize grain, cash crops for revenue enhancement.
